NEW BUSINESS

Chris Lienhardt- resignation letter was read.

Joe Utter- project plan to refurbish the totem pole at the Sawmill. This project will take four days and the help of eight people, mainly fellow scouts. There will be adult supervision from the scout leader, Ron Horton, and Tom Dvorak. A project plan was handed out to outline what work would be done. The project is estimated to begin the third week in July. Wayne suggested using a power washer to help cut down time.

UNFINISHED BUSINESS

Bittner Property/ PHN update- A tour will take place on Monday June 26th to view other Recreation Centers in the area. The tour is for the Village staff, Village Board and Park Board. This will be an all day event. Some residents of the Arbors asked if people on the tour can see how other facilities dealt with ways to decrease noise to surrounding neighborhoods. They also asked if they would know the outcome of the surveys. Laurie said the findings would be made public soon.

Park Impact Fee Report-
Fee Report was reviewed.

New Park Assignment for board members- “Friends of the Park” Chris Lienhardt was assigned to Williams Park and due to his resignation he will be unable to attend. Jeff Benes and Gina Wolf said they were planning on attending. Laurie Stahl and Ron Horton will not be able to attend but Laurie will make sure equipment is up there for them.

Pageant Recap- Pageant went good this year. Total cost to the Village was \$74.81 after profits used from Daddy Daughter and Easter Egg Hunt. We made \$400.00 less than the 2005 Pageant. We were down in applications and admission fees.
Miss Antioch- Mary Cashmore; Jr. Miss Antioch- Jessica DeLara; Little Miss Antioch- Jasmine DeLara.

Trevor Creek, Tim Osmond Park and Pulte parkland update- Trevor Creek still needs to have dirt moved and leveled. The dirt may be used to fill the Tim Osmond Sports Park.

3D Design is submitting the OSLAD grant for the Tim Osmond Park which is due July 1st. The raffle to give away the SSR will take place on July 23rd at the Taste of Summer.

The Pulte parkland is now complete. Looks very nice. Signs have been put up on walking path. The path lights are on a timer and turn on when the sun goes down. Wayne suggested getting more dirt for Osmond if needed. Free dirt, EPA approved. The company comes in with the dirt, spreads it, and then tops it with a thick layer of black dirt all for FREE.

ADDITIONAL ITEMS

STAHL- Swim lessons started Monday June 19th. The Health Department came on the first day of lessons and the pool passed.

FORESTA- Concern on movement with the lightening detector. Laurie has Recreation Concepts giving us a quote. This equipment is believed to be coming out of park impact fees because it improves the park. Will look at other sites while on tour and see if surrounding towns have any such equipment.

KONVALINKA- Asked about the movement on creating park templates.

KESSELL- Absent

BENES- Concern about the movement of the parkland in the Club Lands. Dorothy will give more information.

WEBER- Absent

WOLF- Suggestion to fence in the perimeter of Centennial Park. This would make it easier for parents to keep track of their children. Laurie said a fence would make it difficult for parents watching other children during sporting events or pavilion rentals to see children playing at the park.

LIENHARDT- Resigned.

There being no further business to come before the Village of Antioch Park Commission, Wayne Foresta made a motion to adjourn, and was seconded by Julie Konvalinka. The meeting was adjourned at 8:00 p.m. The next meeting will be held on Wednesday, July 19, 2006 at Village Hall at 7:00 p.m.
